PINT JAR - \$14.00 (earn \$7/candle)
HALF PINT - \$9.00 (earn \$4.50/candle)

Average groups of 10-15 members easily raise \$1500 or more in total sales!

How Does It Work?

Simply designate a coordinator from your group or organization to contact us and we'll be happy to provide a start-up kit and further details.

Once you've selected a start date, we'll ship everything you need to effectively run your fundraising program, including a sample display kit (candles at discount), promotional materials and order forms. Many groups and clubs display their sample kits at special events or gatherings (effectively doubling their sales). You might also choose to use your sample candle set as a prize incentive for top sellers.

Candles are sold by your group for a specified time period with all monies collected at the time of sale. Your fundraising coordinator will then complete the final paperwork and submit your Final Tally Form to our office, along with a check made payable to: **Heritage Falls** for 50% of your sales total.

Orders will normally be shipped within 3-5 business days. (Please allow up to 2 weeks production time during the busy fall & holiday seasons). You may also make arrangements to pick up your orders if you wish to save on the final ship charge.

SHIP CHARGES: Your Sample Display Kit, including any ship charges, will be invoiced separately from your final fundraiser order and at the completion of your sale. We do not require a minimum candle order.

Please consider us for your group's next fundraiser. Contact us to get your group started today. We're looking forward to hearing from you!
